

# GRAPHIC + INDUSTRIAL DESIGN *career fair*

NOV 9, 2017

## Welcome,

Thank you for your commitment to the inaugural CADC Design Career Fair at Auburn University!

The College of Architecture, Design and Construction is thrilled that you have decided to join us for this event, which emphasizes our Graphic Design program. We have a talent pool of 31 graduating seniors who are about to venture into the workforce. Our students have worked diligently over the past four years to prepare themselves for opportunities, and we are excited to see what their futures hold.

Without the support of our partners, who are willing to come to the campus to recruit and talk to students, the CADC would not be equipped to maintain the competitiveness of our programs. With tremendous gratitude, we thank you for your dedication to advancing the Industrial and Graphic Design programs.

The CADC recognizes that it takes time and effort to travel to Auburn and speak with our newest group of designers. We sincerely hope you find this trip to be beneficial to your firm and welcome any feedback you may have for us. Shortly after the career fair, we will be emailing you a link to an online survey where you will have an opportunity to tell us what you did and did not like as well as how we can enhance the experience for you in the future. We appreciate your participation and look forward to reading your responses.

Lastly, you will find enclosed details of the event as well as a registration form. We ask that you return the registration form no later than November 6, 2017, as we will be developing a guide for the students and want your information to be as accurate as possible.

Again, thank you for registering for the CADC Design Career Fair at Auburn University. We are looking forward to seeing you on November 9th!

Warmest Regards,

Crystal Jalil
