Are you interested in construction?
Would you like to work in an exciting industry?
Would you like to obtain a master’s degree in 15 months?

JOIN OUR OPEN HOUSE
TO LEARN MORE ABOUT THIS GREAT OPPORTUNITY

DATE: Friday, November 6, 2015
TIME: 8:00 AM – 1:00 PM (free breakfast & lunch)
LOCATION: M. Miller Gorrie Center
RSVP: jal0021@auburn.edu

ABOUT THE PROGRAM
The Master of Building Construction (MBC) program is designed to provide advanced construction education for those who hold an undergraduate construction degree or for those who are making a career change and hold an accredited undergraduate degree in another discipline. Enrollment in the program, however, is limited and is awarded on a competitive basis. Class sizes are small and typically involve extensive interaction with industry professional and hands-on problem analysis. Opportunities for graduate internships, travel-based study programs, school-supported student research, and customized educational plans are vast.

ABOUT THE SCHOOL
The McWhorter School of Building Science (BSCI) at Auburn University was established in 1947 and is the second oldest construction education program in the US. It is widely regarded as one of the top five programs in the nation.
